ZACHARY VORSTEG

West Palm Beach, FL | zacharyvorsteg@gmail.com | 561-718-6725 | linkedin.com/in/zacharyvorsteg

Financial Analyst · FP&A · Finance Automation & Systems (Python · SQL · BI)

PROFESSIONAL SUMMARY

Finance professional with 8+ years turning financial analysis into revenue and margin decisions — most recently in medical device at ZimVie, with prior roles in specialty pharmacy and enterprise finance. Owned the sales-compensation, quota, and forecasting engines behind a 300+ rep organization ($3–4M+ quarterly payouts) and partnered directly with sales leadership on the pricing, territory, and comp-plan moves that grow the top line. Rare technical depth — Python, SQL, Power BI — turns manual reporting into real-time systems that scale. Brings the same rigor to month-end close, budgeting, and variance analysis — the accounting fundamentals under the strategy.

CORE COMPETENCIES

Month-End Close · Journal Entries · Account Reconciliations · Forecasting & Budgeting · Variance Analysis · Financial Reporting · Cost Accounting · Process Automation · FP&A · Real-Time Dashboarding

PROFESSIONAL EXPERIENCE

ZimVie, Inc. — Medical Device | Palm Beach Gardens, FL
Financial Analyst — Sales Finance & Compensation | Aug 2023–Oct 2026

- Owned end-to-end sales-compensation operations for a 300+ rep national organization — modeling, administration, and execution of $500K+ monthly / $3–4M+ quarterly variable payouts across multi-tier commission structures
- Engineered an automated reporting system that eliminated 20+ hours per month of manual data consolidation; built validation and exception-flagging workflows that reduced payout errors
- Designed and maintained Power BI dashboards delivering real-time quota attainment, pipeline health, and payout forecasts to sales leadership — informing territory, quota, and comp-plan decisions
- Partnered directly with the VP of Sales and Sr. Director of Pricing & Sales Finance on territory design, quota setting, and compensation strategy

Biomatrix Specialty Pharmacy | Plantation, FL
Financial Analyst | Apr 2022–Aug 2023

- Built revenue forecasting models from scratch that became the executive team's primary planning tool, replacing fragmented ad-hoc Excel workflows with a single source of truth
- Designed a Power BI analytics layer spanning sales, operations, and finance; delivered cost-impact studies and ad-hoc modeling that informed leadership investment decisions

Otis Elevator Company | West Palm Beach, FL
Financial Analyst | Oct 2020–Apr 2022

- Owned financial analysis for a long-term service-contract portfolio: profitability modeling, pricing optimization, and billing reconciliation
- Identified $200K+ in productivity improvements through operational data analysis; built standardized reporting templates adopted across sales, service, and finance

Staff Accountant | Braman Automotive (2019–2020) · Ed Morse Automotive (2017–2019) | West Palm Beach, FL

- Month-end close, journal entries, and multi-location account reconciliation; internal audits and tax/compliance documentation

TECHNICAL & ANALYTICAL SKILLS

BI & Analytics: Power BI, Tableau, Qlik Sense, Cognos

Programming & Data: Python, SQL, PostgreSQL, VBA, Power Query, advanced Excel modeling

Enterprise Systems: Planful, JD Edwards, Salesforce, QuickBooks

Builds: Full-stack finance tooling — REST APIs, data pipelines, AI-assisted workflows, and real-time BI/forecasting dashboards (Python, SQL, cloud)

EDUCATION

Florida Atlantic University — B.B.A. Finance, Minor in Economics
